Contact number: +60183926619 Email address: darren50031@gmail.com

Motivated Computer Science student at Sunway University with strong analytical, critical thinking, and problem-solving skills.

Passionate about technology and committed to continuously enhancing technical competencies through academic projects, programming tasks, and collaborative learning experiences. Eager to apply knowledge and develop practical skills in real-world computing environments.

## KEY COMPETENCIES

Critical Thinking skills  
Time management

Adaptability  
Creativity

Communications  
Programming Fundamentals

## PROJECTS

### Project Developer

- Developed a Student Result Management System using Python.
- Implemented GPA calculation and grade classification functionalities.
- Applied file handling techniques to store and retrieve student records efficiently.
- Integrated input validation to ensure data accuracy and reliability.
- Utilized object-oriented programming concepts to design and structure the application.
- Collaborated in a team environment to analyse requirements and test program functionalities.

## CERTIFICATES

### CCNA: Introduction to Networks

- Earned Cisco's networking credential with knowledge of IP addressing, Ethernet, switching, routing, and network connectivity. Completed 54 labs and 14 hours of hands-on practice using Cisco hardware and Packet Tracer.

### Education

**Sunway University**  
2025-present

**Methodist College Kuala Lumpur**  
2023 - 2024

**Sekolah Menengah Stella Maris**  
2018 - 2023

### Language competency

- Python
- HTML
- Java
- CSS
